COVID-19 & SAARC: The Prime Minister has directed his SAARC counterparts to be guided by the principles of social solidarity and unity to deal with the crisis. The Prime Minister underlined that SAARC's role is to inform SAARC member states about the prime ministerial directive to the SAARC Secretariat.

The Prime Minister urged the need for constant vigilance and coordination among all SAARC states for the effective handling of the crisis. He stressed that SAARC should be conscripted to address the crisis and can be proactive in formulating a policy and strategy to control the situation.
