# e-Migrate

To regulate overseas employment especially for protection of less educated blue collar workers, the Emigration Check Required process is regulated through a unique computerised system called "e-Migrate". This is a system which is integrated with the Passport Sewa Project of the Ministry of External Affairs and Bureau of Immigration of the Ministry of Home Affairs on one-hand and the Indian Missions in the 18 ECR countries, Foreign Employers and the Registered Recruiting Agents on the other. This ensures that all Stakeholders of the emigrants are on the same electronic-platform, which greatly enhances the **"Ease-of-doing-business"** and ensures prompt and easy action on all fronts to all the Stakeholders. Whenever an emigrant arrives at an airport or check-post to proceed abroad, his Passport details are validated online by the Immigration Officers and only those who have obtained Emigration Clearance are allowed to travel. This is a measure to ensure protection against possible exploitation, of the Indian workers.

The "e-Migrate" system functions under the control of Protector General of Emigrants who exercises directly or through Protector of Emigrants the powers and responsibilities under the Emigration Act, 1983 through the system, to ensure protection of Indian emigrants proceeding abroad, for overseas employment.
